House - HIQS

As you may be aware we have rolled out New Business EDI with the Relay HIQS system. This allows the broker to generate the House Statement of Fact / Schedule / Letter of indemnity under the "Policy issue" button and this will then be transmitted to Wrightway.

Unfortunately we are having some minor issues. In some instances an error appears on the user's screen. Once the error message appears the policy is NOT transmitted to Wrightway even though the documents may have printed. These errors MUST be reported to Relay or Wrightway so that we can investigate and resolve the issue.

Your co-operation in this will be greatly appreciated and will only ensure that all policies are in good order.
